Learning Objective				
Be able to explore various career options, identify their interests and strengths, and set meaningful career goals.				
I will achieve this by:				
Researching different careers and their requirements. Assess personal skills, interests, and values.				
Creating a career plan with short-term and long-term goals.				
Understand the importance of continuous learning and adaptation in work.				

Chose 3 careers

An example could be Lawyer.. or a car mechanic

For each can you list any **qualifications** you need to take this career path. Do you need GCSE's in particular subjects? College course and do you need to pay money for these courses

Then can you list the **qualities** you might need to take this career path. For instance to be a lawyer you would need to be good at debating and stay calm in an argument. To be a mechanic you would need an interest in cars and be patient and be able to work in dirty tricky conditions.
