Review and Updates

April 2026

Welcome to this month's Southampton Parent Carer Forum Review and Updates

It was fantastic to see so many families come together at our recent SEND Fun Day – thank you to everyone who attended and helped make it such a special and welcoming event. It was great to see children and young people enjoying themselves, and parent carers connecting with each other and local services. We'd also like to thank all the professionals who joined us on the day for their time, support and commitment to working with families.

SE19 SEND Inclusion Summit – 20th March 2026

Amy attended the SE19 SEND Inclusion Summit on Friday 20th March alongside both of Southampton's Interim Heads of SEND. The event brought together a range of local authorities, education leaders and SEND professionals from across the South East to share learning and best practice.

The day covered a wide range of topics including the Schools White Paper, statutory responsibilities, inclusion in mainstream settings, and examples of innovative SEND provision from other areas. There were particularly insightful presentations from areas such as East Sussex and Southend, highlighting how integrated therapies, specialist teaching services and system-wide approaches are improving outcomes for children and young people with SEND.

It was especially valuable to hear how other local areas are developing more joined-up, inclusive approaches and embedding support earlier, with a strong focus on partnership networking and inclusion across all settings.

Overall, the summit provided a useful opportunity to reflect on current practice in Southampton, consider new approaches, and strengthen connections with regional partners to support ongoing improvements for children and young people with SEND.

Family Hub

Understanding Behaviour

2 x 2-hour workshops for parents/carers of children aged two and above.

Understanding our children's behaviour can often be quite confusing. This workshop aims to empower parents and carers, by providing insights into these behaviours and encouraging a more positive response.
